

All those involved in creating the
wonderful harvest home.
Counselors, staff, RAs, interns,
kaitlan, maria, mel, all the beautiful
hearts.

Thank you for saving lives, for
deeply caring in your souls to better
us and to give us the wonderful
opportunity to grow.

For the healthy happiness
and safety you have provided
for us! For the structure and
accountability. For opening your
hearts to share your gifts of
understanding and knowledge.

Because of you I can once
again take a breath and you
truly saved my life!

(name
redacted)

I am eternally grateful for
you all! Forever and
always

THANK YOU
